If you want fresh, good news on the Limousin business, on Limousin sires or the cattle business in general, go to the web and look us up. We think you will enjoy the experience.
SEMEN SALES AND STORAGE
Complete Limousin semen sales and storage and tanks to handle any situation. If you have a need, we have an answer.

SPCLIZED LIVESTOCK INSURANCE
As an Agent for American Live Stock, we can insure your important livestock genetics. Having insurance is a good business decision. Give us a call about how easy it is to manage your risk.

RINGWORK & SALE CONSULTING
We’ve been ringside at Limousin sales for more than 37 years. If you desire a professional approach with experience and enthusiasm, we have the history.

PROFESSIONAL LIVESTOCK PHOTOGRAPHY
Great livestock photos take time and effort. We have been shooting quality pictures for 30 years. If you need an entire sale offering or one head, let us know how we can help.

If you are serious about the Limousin business, we would enjoy the opportunity to work with you. With more than 37 years of Limousin experience in Marketing, Sale Management, Semen Sales and Limousin breeding, we want to help you maximize the potential of your program, no matter the size. If you have a question that you need another eye to look at, give us a call, chances are we’ve run up against it before. We want to help bring you and your program up to speed with new technology and old-fashioned marketing experience. Give us a call, we would like to hear about your program.

AI SUPPLIES
A complete line of AI supplies is available. Please call for items not listed. Special requests or orders are welcomed.

DISCLAIMER
Frozen semen sold by Grassroots Genetics will be collected, processed and stored in accordance with sound, recognized practices. Neither Grassroots Genetics, the owners of bulls leased to Grassroots Genetics nor its employees or agents shall be liable after delivery for any injury or disease caused to persons, animals or property through the use of the semen or materials or containers used in connection with the preservation or shipment of said semen. Grassroots Genetics cannot guarantee the fertility capacity of any semen. No warranty of any kind is inferred except to sell and convey good title.

STORAGE
Grassroots Genetics has large storage tanks. These tanks are under daily observation, with a good supply of dry shippers, as well as experienced personnel to handle your storage needs.

TERMS
EPD: Expected Progeny Difference. All EPDs are from the most current NALF Genetics Evaluation Manual. For a complete list of Limousins sire’s and criteria for the NALF EPDs, contact the North American Limousin Foundation at 303/220-1693.
Homo Polled(Progeny): Homozygous Polled. All progeny should be polled.
Homo Polled(DNA): Animal has been tested by MMI. 95% probability of Homozygous polled, see explanation in front of catalog
Homo Black: Homozygous Black. All progeny will be black.
PROTO: All bulls in this catalog have been tested and are PN (proto normal) according to the NALF approved lab.

Frame scores and scrotal measurements on the bulls in this catalog were taken at different ages. Age is one year unless otherwise stated.

When using semen for embryo transplant…
Semen should be evaluated prior to breeding the donor cow for quality that satisfies your embryo technician.

SEmen HANDling
A unit of semen is a living product, therefore it is important that care be taken in semen storage and handling. Frozen semen is a living and vital part of your herd and must be cared for accordingly. Semen is frozen and stored in liquid nitrogen, which reduces the metabolic activity making long-term storage possible, anything that we do to the semen to jeopardize this low temperature can damage the semen. The following are a few tips for proper semen storage.
1. Store your semen in a liquid nitrogen tank and never let the level of liquid nitrogen go below two inches. Monitor liquid nitrogen use weekly in your tank to detect early warning signs of a bad tank. Frost on the outside of the tank indicates you tank is damaged and may need to be replaced.
2. Store your tank in a protected area away from children and livestock. Your best insurance for genetic progress is a good, well cared for tank.
3. Know where you can find an emergency source of nitrogen and have an emergency plan for semen storage if your tank is defective.
4. Keep a good written inventory of your tank to reduce excessive handling. Every time a cane of semen is handled there is a potential for damage. Do not mix different bulls in the same cane or in the same goblet.
5. When transferring semen avoid doing it in direct sunlight and have the tanks side by side making the transfer in less than three seconds. Warming up the semen and allowing it to refreeze causes damage.
6. When removing a unit of semen, keep the cone 3-4 inches below the top of the neck tube. Higher in the neck tube temperatures are less than minus 100 degrees and damage will occur. After securing the straw, allow the canes to drop back into the canister.
7. When you thaw semen make sure you have an accurate thermometer and keep your water bath at 95 degrees F. Temperatures either higher or lower than this reduces the quality of the semen.
8. Thaw semen for a minimum of 30-60 seconds. Remember that if any delays occur, the semen is safer in the water bath than a gun where temperature shock can occur. Attempt to use the semen within 15 minutes of thawing.
9. After thawing the semen check for proper identification on the straw. Reading the straw after insemination only proves that you have used the wrong bull.
10. Load your insemination gun in a protected area. Rubbing the gun with a paper towel helps reduce cold shock when you load the straw in the gun. Keep the gun protected by wrapping it in a clean paper towel.
11. Follow the recommended insemination procedures.
12. Keep accurate records of inseminations, heat periods and calving dates.

All of these are simple procedures, but if they are not followed correctly, you can lose the advantages that breeding artificially provides. Semen is good indefinitely as long as proper storage procedures are followed carefully.
Shipping Information
Orders are shipped daily via UPS (other couriers are available upon request).
Next Day, Second Day and 3-Day Select services are all available for additional charges.
Shipping is FREE on orders over $1,000 using regular UPS ground shipping service.
Orders under $200 will have a packing and handling fee of $20 added to cover nitrogen costs and tank rental.
A “CALL TAG” will be issued by Grassroots Genetics. UPS will return within 2-4 business days with a pre-addressed label for return of the tank to Grassroots Genetics. Please have the tank emptied and available for UPS. Your order will be shipped in one of 40 “vapor shippers.” These tanks will not have any visible nitrogen, they are designed with an absorbent core to hold the temperature of the tank below 300 degrees for 2 weeks. The canister of the tank should be VERY cold and there should be a small amount of vapor when the tank is opened.

Homozygous Polled Progeny or DNA

You will notice in this catalog that many of the bulls are listed as HOMOZYGOUS POLLED PROGENY (HomoPP). This designation means the owners of the bull have informed us there have been no horned calves born out of this bull on a significant amount of females. That means he is homozygous polled by progeny proof. Several bulls are listed as HOMOZYGOUS POLLED DNA TEST (HomoPDNA). These bulls have been DNA-tested by MMI Labs and by the MMI test they believe to have over 95% probability of being homozygous polled.

Tru-Polled Disclaimer: The MMIG Service is based upon scientific, biologic analysis and assessment of statistical probabilities. MMIG believes there is a range of probabilities and does not assure 100% accuracy. The MMIG Service may fail, from time to time, and either (A) not be able to make a determination or (B) make an incorrect determination.

Grassroots Genetics DOES NOT GUARANTEE the status of any of these bulls, we are passing on the information given to us by the bull owners. Please use accordingly.

MAGS THE GENERAL
AUTO CRUZE 132X
AUTO REBECA 292S
WULFS SIRLOIN 3172S
ENGD WONDERLUST 930W
J BAR J TAKE ME HOME 706T

Cruzewonder has the opportunity to take over for his sire, AUTO Cruze, as he brings a HOMO Black and HOMO Polled package combined with a solid balanced number profile. Deep ribbed, deep flanked, and sound of structure, Cruzewonder has the style and balance of his sire and the performance balance of his dam. PUREBRED and stout, if you have been craving the Cruze influence, here is your chance.

AHCC BADLANDS 908B

Owned By: Liberty Ranch & Hager Cattle Co.
Badlands is the famous LOT 2 bull from the tremendous 2015 Hager pen in Denver and this great HOMO Black, HOMO Polled purebred is a soft-made, extremely deep-sided, high performance sire with tons of potential. If you want a bull with proven growth, performance and power, then Badlands fits the bill. As strong as the country he comes from, Badlands has the power.

AHCC Barn Burner B907

Owned By: Hager Cattle Co.
Barn Burner was the talk of 2015 Denver Yards and this outstanding son of Westwind could be the bull to move the breed. HOMO Black, HOMO Polled this young bull has the balance of numbers and the outstanding performance that cattlemen desire. Very correct, very stout, Barn Burner was one of the highlights of spring 2015, think about how this purebred can lead your program.

ALTER EGO

Owned By: Vorthmann Limousin
Alter Ego was one the most popular bulls at the 2014 Iowa Beef Expo and this extremely deep son of Xcessive Force is a force to be reckoned with. Loaded with performance and extremely deep flanked, he has the style and stoutness to sire the next generation of Limousin cattle with muscle and body. A 75% Lim-Flex he has the added benefit of working any way you want, don’t miss him, he is the real deal.

5 Toll-Free: 866-305-9600
Owned By: Amen Angus
Limousin EPDs. Amen Impact should be a great choice for creating a new line of Lim-Flex females. Moderate birth and strong growth gives this young son of Connealy Impression a stout background and tremendous phenotype that will complement any Lim-Flex program. If you are looking for new blood in a great package, make some Impact.

Owned By: Begert Limousin & Keeton Limousin
Black Coffee brings a fresh set of numbers and a strong phenotype to the morning table, as this young sire has the soundness and structure to sire cattle with flex and balance. Very long-necked and deep-flanked, Black Coffee has the profile and pattern that complements his numbers and strong pedigree. If you want to wake up your program, have a Black Coffee.

Owned By: Pinnell’s Limousin
AUTO Deep Water is a tremendous Cruze son that has all of the tools to take over for his famous sire. HOMO P, HOMO B, Deep Water is loaded with style and balance, soggy made and stout. Out of a great Rulon daughter, Deep Water should sire cattle that not only grow and perform but look good doing it. If you need a wake-up, jump into Deep Water.

Owned By: Begert Limousin
Real Deal is the purebred we’ve been waiting for. Sired by AUTO Cruze and out of the great Luckie Too female this HOMO Polled, HOMO Black bull has the performance, and the tremendous phenotype to sire cattle with look and growth. Great on the move and perfect in his profile, this young son of Cruze is the Real Deal.

Owned By: Amen Angus

Great on the move and perfect in his profile, this young son of Cruze is the Real Deal.
Ace Ventura has one of the best number packages in the business, and he has the performance and phenotype to match his numbers. Sired by Y Axis, and out of a great Lodestar dam, he has carcass, performance and combines that with a HOMO polled and HOMO black package. If you want to breed heifers for calves that grow look at Ace Ventura. We will soon have Sexed ULTRA semen on ACE VENTURA. $55 bulls or heifers.

Creed is the high performance deep bodied son of MAGS Aviator that came out of Linhart’s 2016 sale as the top seller and he gives you the next step in high performance Lim-Flex that have growth, balance and maternal with a solid marbling package. Creed combines exceptional depth of body with flawless structure to give you the next option in balanced performance genetics.

Absolute has some of the best numbers in the breed and this big stout HOMO Black three-quarter blood should be just the ticket for commercial bulls that need to be stout and grow. Pounds is still the name of the game and Absolute should do that it spades. Deep bodied and growthy, loaded with maternal, he will work—Absolutely.

Architect 08A has some of the best performance that you will find in the Limousin breed. This purebred bull, sired by X-Rated and out of Lodestar daughter, Architect can design the kind of calves that work for commercial breeders and seedstock producers. Thick, growthy, and loaded with performance, think about designing the growth kind. Some of the best calves in Coleman’s 2017 carload were Architects.

U Haul calves prove he has the stuff to be one of the top sires in the Limousin breed. Sired by Basin Franchise and out of a great cow back to the dam of Excellente, U Haul combines maternal, marbling and performance into a package that will move you. If you need a place to go with power and numbers, get a U Haul.
Best Effort offers a different pedigree twist as this HOMO Polled, HOMO Black son of Upshot offers outstanding performance with a great phenotype. Very correct, and loaded with growth, Best Effort should sire replacement females with style, and bulls that work for commercial men. Check out his birth to yearling spread and then go out and put up your Best Effort.

Acapulco combines Consensus and the dam of The General into a complete HOMO Polled package that has maternal, carcass and performance. Acapulco has the big hip and outstanding balance that commercial men admire and desire. If you want to raise bulls that grow and females that produce, consider Acapulco.

MAGS Ali has the chance to become the “Great One” if you’re looking for a bull that has the number package that combines calving-ease and maternal with growth and performance. High marbling, HOMO Polled and HOMO Black this son of Consensus has the potential to do it all. Ali has all the answers, with style and balance.

Apple Jack has great calving-ease numbers and outstanding phenotype to be the next great bull for first calf heifers. If you have a group of performance cattle that need that notch of calving-ease and phenotype then Apple Jack is your man. Deep bodied, very sound footed, easy moving and soft patterned, we think Apple Jack has the combination to start your day.
Owned By: Linhart Limousin
Aviator is now on the market. This syndicated son of Winston was the high seller at the 2014 Magness sale, and his combination of stylish phenotype and tremendous performance makes him a must try. HOMO Black and HOMO Polled, he offers super structure, calving-ease and carcass all in one package. Shoot for the sky, ride with Aviator

Owned By: Hall Cattle Co. & Magness Land & Cattle
MAGS Eagle combines great performance, 942-lb. weaning weight, with flawless phenotype into a complete package that has no Rulon and no Lodestar. If you are looking for a bull to use on Rodemaster daughters, think about this straight-topped, good-legged son of Winston. Commercial or purebred its about pounds, its time to ante up, The Eagle has landed.

Owned By: Brady Ranch & Farm & Lawrence Family Limousin
Unite offers the serious breeder a new calving-ease alternative. With strong numbers and a smooth shoulder, Unite should work on either Lim-Flex or Limousin pedigrees. Very soft, deep flanked and moderate framed, we feel like he can make the right kind of cattle that come easy and grow fast. Check this new pedigree out, and think about how you can Unite it within your program.

Owned By: Liberty Ranch & Magness Land & Cattle
Xtra Wet is one of the most complete bulls you will ever find as he combines a flawless structure with a solid pedigree and outstanding number profile. Moderate framed and stout, Xtra Wet has tremendous feet and legs and moves like a proverbial cat. If you need a bull that can move and sire cattle that are able to cover country, Xtra Wet is your man.
Xyloid is now on the open market and his calves look great at Magness and Edwards. Very stout, very correct this young son of Deuce has all the tools. Outstanding performance gives this young bull a world of uses. If you want cattle that are great to look at and have the added growth and performance needed in the business, Xyloid is the bull to use.

Owned By: Edwards Land & Cattle Co., & Magness Land & Cattle

Xyloid

MAGS Yip is the bull the breed has been waiting for. Performance and numbers in a flawless phenotype package. Thick made and stout he combines Limousin look and performance with HOMO Black and HOMO Polled. As an outcross to many common pedigrees, Yip brings all the power and all the convenience with a pedigree that is ready for growth. If you need a combo bull with power, MAGS Yip is your man.

Owned By: Braun Limousin Farms, Coltan LLC & Magness Land & Cattle

Yip

MAGS Zarah is the Whitcomb son who has been producing some of the best show-heifer prospects around the country. HOMO Polled, HOMO Black, Zarah combines great performance and outstanding EPDs with a royal background, sired by Whitcomb and out of the dam of MAGS Yip. Stout, sound and loaded with maternal power, Zarah holds all the cards in one hand, add him to your program.

Owned By: Liberty Ranch

Zarah

MAGS Zodiac

Zodiac offers SPREAD and POWER. Zodiac was the top-selling bull at Magness and this great double Homo son of Winston has the light birth weight and EPD to be a real curve-bender. Zodiac is long-bodied, correct and still a monster for growth. If you want a bull that will be one of the next great ones, Zodiac has the stars in his court.

Capstone came out of Denver as one of the really stylish, well-made bulls that has that added eye appeal and structure for siring club calves and show heifers. If you are looking for a Cruze son back to a Manuela daughter here he is. With a -0.3 BW EPD and a solid genetic package for style, Capstone can find a use in any program.

Owned By: Ochsner Limousin

Commander In Chief was one of the breed’s most popular show bulls and this son of Xcessive Force has the square hip and stout bone that we have come to expect from Force sons. Deep flanked, moderate and very sound, Commander In Chief should sire females that will work in any programs.

Owned By: Portwood Family Limousin

Limousin EPDs. 6EM3 impressed us with the stout set of calves Express Ranches had sold through their bull sales. Very correct, moderate, thick and deep-flanked he sire the kind of Lim-Flex that are needed in the breed, and cattlemen love. If you want to add a bull that has proven himself, 6EM3 fills that bill.

Owned By: Express Ranches

Air Force One was a great champion and this leading herd sire is now on the open market available to all. Calving-ease and tremendous confirmation makes this young son of Xcessive Force has the total confirmation and structure that breeders desire. If you want to sire cattle that dominate the tanbark, buy your ticket on Air Force One.

Owned By: Counsil Family Limousin

www.GrassrootsGenetics.com
Its About Time you found a great young red Lim-Flex bull with a different pedigree and a performance background. RODZ About Time is loaded with convenience traits, easy calving, docility and solid maternal and growth. His first calves are averaging under 70 lbs. and have the calving-ease and growth to make solid performance cattle.

Owned By: Reynolds Ranch

Cadillac Jack was a Denver favorite and he has matured into a sire to be reckoned with. Homo Polled Purebred out of Apostle and back to a Made to Order cow, Cadillac Jack has the performance and the phenotype to be a breed leader. If you want a bull with growth, flank and stoutness, consider going with a Cadillac.

Owned By: Symens Brothers & ROM’N Limousin

Backstage was the high seller at Symens Brothers and for good reason as he combines convenience traits, HOMO Black HOMO Polled and calving-ease with solid performance and outstanding structure. Backstage should be the calving-ease sire of the future and cross well on Rulons, Lodestars, Deuces and Xcessive Force. If you want a sire with a solid back round in economics, thinking about looking Backstage.

Best Buy is the purebred bull that has all the tools. Great EPDs, tremendous performance combined with a flawless structure makes you study your needs. HOMO Polled, Best Buy can be used in almost any pedigree and will bring predictability and acceptance. If you have been looking for the next outstanding purebred, he’s here and he is a Best Buy.

Believe is one of the most structurally sound bulls you will ever run into. Sired by Deuce and out of a great Cherry Knoll cow, Believe brings a fresh maternal side and a flawless structure to a HOMO Black and HOMO Polled package. If you want great performance and bone, body and structure, we Believe you can get it here.

Brimstone is the high percentage Y-Axis son we have been waiting for. Thick made and loaded with depth, Brimstone is siring cattle with performance and style. HOMO Black and HOMO Polled, Brimstone should put growth, muscle and bone into any set of females. If you are wanting cattle with a combination of power and style, bring down the Brimstone.

Alfalfa was one of the most popular bulls in Denver as he came out of the tremendous Tubmill Creek Pen of Three. Sired by Shaff great Pioneer, Alfalfa brings calving-ease, maternal, and growth to the table. Very deep-bodied and loaded with guts, this young bull could be the different pedigree the breed has been looking for a commercial powerhouse.
American Made came out of Tubmills tremendous 2017 pen and this HOMO Black and HOMO Polled son of Xclusive bring growth and power to a purebred package with no Rulon, and no Deuce. Long-bodied and correct structured, American Made has a complete EPD package with aggressive marbling and an outstanding MTI. Check out this coming breeders bull and think American Made.

Owned By: Berti Limousin & Tubmill Creek Farms

TMCK Architect has been one of 2014 most popular show bulls and this young son of Hydraulic has the numbers, performance and genetic package to match his outstanding phenotype. Half sisters were the pick of the Tubmill bred sale, and Architect should have the design down on maternal females and growthy bulls. If you want performance with a moderate birth weight call for TMCK Architect.

Owned By: Tubmill Creek Farms & Martin Limousin Farms

TMCK Bronx was the lead bull in the tremendous Tubmill Creek pen in Denver and this great son of Y-Axis is HOMO Polled and Hetero Black. If you are looking to raise cattle that are long-bodied, great in performance and sound-structured, Bronx has the tools. Check out the numbers, study the phenotype and consider the performance, we think you will find that Bronx has the keys to the city.

 Owned By: ATAK Limousin

Camden Yards was the top seller from the Tubmill Creek Steel Foundations sale and this great son of Alfalfa looks like the performance giant to lead a breed. Out of a great young Y-Axis daughter and HOMO Black and HOMO Polled, Camden Yards has the growth and stoutness that breeds bulls for commercial men and breeders alike. If you want moderate calving with a stout profile, Camden Yards should hit it out of the park.

Owned By: Linhart Limousin & Tubmill Creek Farms
Owned By: Circle R Ranch & Tubmill Creek Farms

TMCK Cash Flow was one of the most popular bulls in Tubmill’s Denver bulls and this stout son of Wulfs Zane has the figures and performance to make breed leaders. Weaning at 987 with nice balance in his EPDs and great confirmation, Cash Flow combines growth and fresh pedigree in a HOMO Polled purebred package. If your program needs an infusion, consider TMCK Cash Flow.

Owned By: ATAK Limousin

Chavez has the extreme performance and weight that commercial men are looking for. Sired by Consensus and out of a great Pioneer daughter, Chavez registered a stout 970-lb weaning weight and a tremendous 1,568-lb. yearling weight. We feel his stoutness and power should sire bulls with growth and females for their keeper pen. If you need a shot of power, marbling, and scrotal, think about Chavez.

Owned By: Shoal Creek Cattle

Dartmouth was the high percentage performance giant to come out of Tubmill’s Pen of Spring bulls. BW of 82 and weaning weight over 900 and almost 1,600 at a year, Dartmouth brings a solid performance package to the business. Useful in either a Lim-Flex or Purebred program, Dartmouth brings you the knowledge that growth is king.

Owned By: Stowers Land & Cattle & Dustin Biedenfeld

Durham Wheat is on the market! This outstanding purebred son of Deuce has one of the best sets of numbers in the breed, strong for growth and consistent in carcass. If you want a bull that should sire stout cattle that grow, Durham Wheat has the combination that should work. Sire of the fabulous Riverstone Charmed, Durham Wheat should cover your field.
Bakers Man was the toast of the Denver Yards and as one of Symens Brothers top sellers this HOMO Polled outcross bull has the power and hip that Limousin Breeders admire. If you want thickness and power, Bakers Man has the tools. Very long-bodied and deep made he has the Limousin breed character and performance that can put you in front.

Owned By: Rail Line Farms, Straight Limousin, Linhart Limousin & Vaughn Farms

WLR Argo has been a hidden gem, this full brother to AUTO Cruze is HOMO Black and HOMO Polled and he has been siring the kind of cattle that have eye appeal and a performance package required by breeders everywhere. New on the market, WLR Argo can now go to work for you. If you need style, balance and growth, think about WLR Argo.

Owned By: Schur Limousin Cattle

Amazing Bull was one of Wulfs most popular 2014 Sale bulls and this outstanding son of Jock, has the Limousin look and Limousin muscle. If you want a performance sire with outstanding maternal ability, consider Amazing Bull. Check out the great WW EPDs and think about using a bull that will make calves commercial men desire.

Owned By: Southern Cattle Co. & Wulf Cattle

Apostle was the top seller at Wulf Cattle 2014 and this outstanding son of Yankee is the latest in a long line of performance cattle loaded with convenience traits. HOMO Polled, high docility, deep flanked and soft made, this young bull is loaded for growth and performance. Combine high maternal with great disposition and you have a bull to count on.
